July 10, 1985

Don't think you should run for CCA President!
A personal note to select colleagues

Please forgive this intrusion into your busy day but, because of the kindness and support offered by so many of you, I want you to know the outcome of the Rosenstein Motion and later letter of censure.

The CCA Executive Committee capitulated, reversed the Board and, by my understanding, had agreed to appropriately notify those of you who still belong to CCA of this fact.

In conclusion of my lawsuit against CCA, and in consideration of the above, a settlement and general release agreement was filed May 13, 1985. Signing in behalf of CCA were President Kurt Hegetschweiler, D.C. & Gary S. Mobley, Esq.

Unfortunately my letter of January 12, 1984 to then president Friesen was received by a person not entitled to have received it. While the letter was of two pages dealing with serious issues of concern to directors and others, only one sentence was violating executive session confidentiality. If you haven't read this letter, you should request it from CCA if you are a member. If you can't get it, call me !

I am thankful and I am grateful to each of you who came forth to offer support - morally and financially. I am most delighted to inform you that as a result of receiving unsolicited funds - and the generosity of my attorney in the consideration of his fee, I came out in great shape. I am especially indebted to several of you who stepped forth and pointed a finger to the fringe who propagated this farce....money is one thing, courage is another. Be assured you won't be forgotten here in Sunnyvale.

If you need an excellent attorney who was virtually raised in a chiropractor's home and who understands chiropractic and chiropractic associations (in the Sacramento area), please call me for a referral.

In conclusion, I thank you for your confidence, your trust and your friendship. Responding to quite a few of you here in Santa Clara County who have called to ask about rejoining CCA, I respect your concerns but I have a real problem with putting myself back into such an organization.

Fraternally
Mat Snider
